Athlete Performance Analytics

We monitor your swimmer's data throughout the month and conduct detailed analysis on the metrics that matter to you the most

→ **It helps parents** to better monitor athlete's strongest events, pin point the areas of an immediate concern and more.

We deliver customized monthly reports, that will help you measure and monitor your kid's competition performance

→ **You will see** the progress and identify trends via simple and easy to grasp graphs and tables.

The following analytics are available:

1. Performance Overview
2. Best Time by Event
3. Individual meet results
4. Ranking Report
5. Progression Charts
6. Time Deficiency Report
7. Age statistics within your team
8. Average Time Comparison by Event Chart (within your team)
9. State Average Time Comparison by Event Chart
10. Season to Season Comparison
11. Swimmer to Swimmer Comparison

→ **Coaches can build their teams** and get ready for the meets- Best Time Order, Qualifier's Time, Deficiency Report, Time Comparison.
